-----------------	------------------------------

Simply draw and colour onto most fabrics with the crayons, then iron on a low temperature to fix.

Particularly suitable for less experienced textile artists.

IDEAS/HINTS & TIPS

Adult supervision recommended. Make sure you have an old cloth between the piece and the iron to avoid getting crayon on the iron plate. We recommend washing new fabric before application as fabrics can be coated with a size, which can stop the crayon adhering.

Clothing and work surfaces should be protected.
