

FABRIC TRANSFER PAINT Fabric and Textiles/Elite

Fabric Transfer Paint allows you to achieve spectacular effects on man-made fabrics.

An easy way to tackle textile work with all age groups and avoids costly mistakes by working onto paper before applying to fabrics.

S0375040	Fabric Transfer Paint - 6 x 125ml bottles Yellow/Red/Purple/Blue/Green/Black
-----------------	-----------------------------------------------------------------------------------------

IDEAS/HINTS & TIPS

Apply the paint to paper, allow to dry, turn paper face down onto fabric and iron to fix design.

Adult supervision recommended. Make sure you have an old cloth between the piece and the iron to avoid getting paint on the iron plate. We recommend washing new fabric before painting as fabrics can be coated with a size, which can stop the paint adhering.

Teaches reverse lettering techniques.

Clothing and work surfaces should be protected.
