

# PRODUCT INFORMATION

## COLOUR CLAY Modelling

Direct comparison to the original Plasticine product and equivalent in quality. Colour clay can be used for a number of art and craft projects. A tremendously versatile modelling material which can be used again and again.

### ADDITIONAL INFO

- Can be reused repeatedly and will not dry out.
- Malleable but models will always retain their shape.
- Excellent for animators, educators and kids.
- Ideal for stop motion animation.
- Use for moulds to produce plaster casts.
- Wheat & Gluten free.
