

MARBLING INK Ink

Great quality ready to use marbling ink.

Create beautiful unique marbled patterns.

ADDITIONAL INFO

- Easy to use straight from the dropper bottle. Drop the ink onto a tray of clean tap water, blow or swirl the ink and then lay the paper onto the surface and gently remove.
- Full easy to follow instructions on the box.
- Shake bottles well before use, making sure the cap is firmly in place first.
- Standard, metallic and fluorescent colours available.
- Wheat and Gluten free.

MI25/6/A	6 x 25ml assorted standard colours
MIM25/6/A	6 x 25ml assorted metallic colours
MIF25/6/A	6 x 25ml assorted colours

IDEAS/HINTS & TIPS

Add scolacell to the water to enable more control of the inks on the water.
 Do not overload the water, less is more.
 Mix several colours to achieve original and unique designs every time.
 Clothing and work surfaces should be protected.
 Tray needs to be completely clean with no trace of any other product or the ink will move to the side if there is contamination.
