

PRODUCT INFORMATION

ACRYLIC Paint

Scola Acrylic is made using only pure resin. Many cheaper “school grade” acrylics contain no acrylic or a cheap co-polymer. An excellent first product to experiment with acrylic.

ADDITIONAL INFO

- Fantastically thick creamy consistency which allows easy use of a palette knife for impasto work.
- It retains brush strokes and facilitates colour mixing and blending. It can be thinned down for water colour techniques, staining and dry brush work.
- Good open time and a semi-gloss finish.
- Fully intermixable.
- Wheat & Gluten free.

IDEAS/HINTS & TIPS

Try enhancing Readymix by blending in some acrylic. Acrylic can be used on any surface that doesn't contain wax or oil. Acrylic acts as an adhesive and also makes a good surface for drawing on with graphite and oil pastels.

Clothing and work surfaces should be protected, paints can stain.
