

FABRIC MEDIUM Fabric and Textiles/Elite

A versatile medium allowing ready mixed paints and acrylics to be heatfixed onto most fabrics easily.

This medium is mixed in equal proportions with Readymix, Acrylic or even Block Printing Ink to turn it into fabric paint. The fabric can then be heat fixed with an iron or in a pre-set oven.

Fabric medium 1 ltr bottle

IDEAS/HINTS & TIPS

Once dry, the image can be made permanent by rubbing over with a hot iron.

Adult supervision recommended. Make sure you have an old cloth between the piece and the iron to avoid getting paint on the iron plate. We recommend washing new fabric before painting as fabrics can be coated with a size, which can stop the paint adhering.

Clothing and work surfaces should be protected.
